8th Central & Eastern European
Course in Pediatric Surgery

Master Course Advanced Pediatric Minimal Access Surgery

Program

20th-21st March 2015
Szeged, Hungary

Dear Colleagues,

The European Pediatric Surgeon's Association (EUPSA) has the pleasure to announce the 8th Central & Eastern European Course in Pediatric Surgery 2015 on the topic of "Pediatric Minimal Access Surgery" in Szeged, Hungary.

Pediatric minimal access techniques have evolved and standardized over the past decade, and knowledge of these techniques is of importance to both trainees and consultants. There is a learning curve to perform basic as well as advanced techniques both of which are associated with the learning and knowledge of tips and tricks to overcome certain technical challenges.

The present course has been structured to provide an excellent overview from experts. The Course includes lecture sessions, video presentations as well time to interact with the faculty throughout the duration of the Course.

The 8th Course will have a presentation on 'How to submit an abstract'. This presentation will focus on the points that need to be addressed when data is evaluated for reporting at international congresses and meetings.

Szeged is the third largest city of Hungary, the largest city and regional centre of the Southern Great Plain and the county town of Csongrád county. The University of Szeged is one of the most distinguished universities in Hungary.

The University of Szeged is a large research university in Hungary. It is located in Hungary's third-largest city, Szeged, in Csongrád County in the Southern Great Plain. The University is one of Hungary's most important universities and is among the most prominent higher education institutions in Central Europe. The City of Szeged and the surroundings during spring will offer an excellent atmosphere for the course, social activities and cultural events during this time.

The European Pediatric Surgeon's Association (EUPSA) along with the local organization team of the Department of Pediatric Surgery, Medical University of Szeged under organization of Dr. Tamas Kovacs welcome you to Szeged for the 8th Central & Eastern European Course in Pediatric Surgery!
