

First Announcement and Call for Papers

4th CONGRESS

International Society of
Intraoperative Neurophysiology

ISIN

CAPE TOWN

11 - 16 November 2013

We are excited to host the 2013 **Educational Course and Biennial Congress** of the ISIN in Cape Town. The ISIN is the primary international organisation in IOM, a multidisciplinary group comprising all professionals involved in the field: neurophysiologists, technicians, surgeons, neurologists, and anaesthesiologists.

We have a packed programme of educational and research contributions from the best experts in IOM from every continent. The 4th ISIN Congress will be hosted in one of the most beautiful cities in the world and a country that has something to offer every traveller. Join us to contribute, learn from each other, and form international friendships and collaborations that will continue to build this tremendously exciting and rapidly growing field.

Jay Shils, President of ISIN

Francesco Sala, Education Committee Chair

ISIN Educational Course

11 - 13 November 2013

The ISIN is committed to teaching and training through a series of annual educational courses. The focus areas of the 2013 Course are:

- Brainstem
- Deep Brain Stimulation
- Peripheral Nerves
- Intensive Care Monitoring

The Courses are popular and usually booked out in advance. Please register early.

ISIN Congress

14 - 16 November 2013

The ISIN Congress is the academic meeting of the society held every two years.

This year the major themes are:

- Cortical and Subcortical Mapping and Monitoring
- Credentialling
- Spinal Cord Monitoring
- Remote Monitoring - For and Against
- IOM in Paediatrics
- Medicolegal Issues in IOM
- IOM in Functional Neurosurgery
