under auspices of European Paediatric Surgeons Association

21-22 April 2016
Timișoara, Romania

SPITALUL CLINIC DE
URGENȚĂ PENTRU COPII
LOUIS TURCANU
TIMIȘOARA

Introduction

Dear Colleagues,

It takes great pleasure to invite you to the 2nd Advanced Paediatric Minimal Access Surgery Skills Lab in Timișoara , Romania organized under the auspices of the the European Paediatric Surgeons Association (EUPSA) and the Romanian Association of Pediatric Minimal Invasive Surgery (ARCPMI).

This Skills Lab Course has been developed by the EUPSA Education Office and will be open for participation for trainees and paediatric surgeons from Central and Eastern Europe.

The Skills Lab prides itself in offering the Hands on experience to develop skills in Minimal Access Surgery on live models within a state of the art infrastructure. The format of the Skills Lab will involve instructions on the exercises and will dedicate more time towards the Hand-on training and practicing of techniques required for advanced minimal access surgical procedures mainly aimed towards the paediatric age pathologies.

Participants will have the possibility to have an hands-on experience for procedures in the abdomen as well as the thoracic cavity. The Skills Lab will have limited number of participants to allow more Hands-on time on a variety of procedures.

Timișoara is Romania's 's third- or fourth-largest city (depending on the source) is also one of the country's most attractive urban areas, built around a series of beautiful public squares and lavish parks and gardens. With western Romania's nicest hotels and restaurants, it makes a perfect base for exploring the Banat region.

We look forward to your participation!

Sincerely,
Amulya Saxena, MD
Chairman EUPSA Education Office

Eugene Boia, MD
President ARCPMI
