

EUPSA

10th Central & Eastern European
Course in Pediatric Surgery

Challenges in Pediatric Gastrointestinal Surgery

Program

17th-18th February 2017
İzmir, Turkey

Dear Colleagues,

The European Pediatric Surgeon's Association (EUPSA) has the pleasure to announce the 10th Central & Eastern European Course in Pediatric Surgery on the topic of "Challenges in Pediatric Gastrointestinal Surgery" in İzmir, Turkey.

Complexity of the gastrointestinal tract with regards to surgical approach still present enormous challenges to pediatric surgeons in terms of investigations, surgical approach and long term outcomes. Though techniques have been standardized based on evidence based evaluations, variations in approach to complex or unusual situations may always be encountered.

The 10th Course has been planned to provide an excellent overview on the management of congenital anomalies. The Course includes lecture sessions with ample of discussion time to interact with the faculty throughout the duration of the Course.

Ege University is a public university in İzmir, which was founded in 1955 with the faculties of Medicine and Agriculture. It is the first university to start courses in İzmir and the fourth oldest university in Turkey. Ege University commonly ranks close to the top among research universities in Turkey.

By 1982, Ege University was one of the largest universities of Turkey with 17 faculties, 9 junior college-type schools and 8 institutes. That same year, part of the university was separated into a new university, Dokuz Eylül University (*Dokuz Eylül University*). After the division, Ege University had 7 faculties, 3 junior college-type schools and approximately 9000 students. It currently consists of 12 faculties, 7 junior college-type schools (with 4 years of curriculum), 7 vocational training schools (with 2 years of curriculum), 8 institutes and 26 research centers.

The European Pediatric Surgeon's Association (EUPSA) along with the local organization team of the Department of Pediatric Surgery, Faculty of Medicine, Ege University welcome you to Turkey for the 10th Central & Eastern European Course in Pediatric Surgery!

Amulya Saxena, MD
