COURSE INVITATION

Dear Colleagues,

The European Pediatric Surgeon's Association (EUPSA) has the pleasure to announce the 6th Central & Eastern European Course in Pediatric Surgery 2013 on the topic of "**Pediatric Thoracic Surgery**" in Timișoara, Romania.

Pediatric thoracic pathologies present a challenging area in pediatric surgery, and knowledge of these conditions is of utmost importance for both trainees and consultants. Diagnostic workout and new surgical techniques have been introduced, and the present course aims at giving a comprehensive overview of the field. With both conventional and recent developments of minimal invasive techniques this course aims at updating pediatric surgeons and trainees for a mulidue of pathologies that require a pragmatic approach to diagnosis and treatment.

The present course has been structured to provide an excellent overview from experts. The Course includes lecture sessions, video presentations as well time to interact with the faculty throughout the duration of the Course.

Timișoara is the capital city of Timis County, in western Romania.
